

We're hoping to pass along this opportunity for your students to showcase their skills and for your teachers to highlight their programs.

This competition aligns well with CEO/Entrepreneurship, Engineering, and Culinary/Nutrition programs.

The due date to submit is soon: [Jan. 31st](#), so you will want to share it soon with your students if you choose to do so.

Celebrating High School Innovators: <https://chsinnovators.org/>

“The Celebrating High School Innovator program is looking for the most innovative and creative high school students from around the world. Our goal is to find them, network them, and give them kick-starters to continue their work. No strings attached. This year will be the 7th year for our annual competition. In the last 6 years, Innovators has awarded over \$200,000 in cash prizes, scholarships to universities, and in-kind support to high school students globally. We want to support your students too.

We know that you prepare students to solve problems and produces leaders, innovators, entrepreneurs, stewards, creators, and builders. We want to celebrate and reward your students for their brilliance in one or more of the following areas:

1. Arts, Media & Literature
2. Business Entrepreneurship
3. Social Entrepreneurship
4. Health & Nutrition
5. Science, Technology, Engineering & Math (STEM)

What do they need to do? Summit 1000 words and a short video on what makes them exceptional. That's it.

Where is it at and when does it take place? The first round of the competition takes place virtually from February 14 to March 4th at a time arranged by the teams with our judges. The Innovators finals is team choice of virtual or in-person at Illinois State University in Normal, Illinois USA on April 9th starting at 8:00 Central Time. Have them apply today at... <https://chsinnovators.org/> “
