

Hello,

We are hiring! We are looking for individuals interested in the trades. We are a local union company that installs residential/commercial lawn irrigation systems. We have entry level positions open and are looking for individuals to grow with our company. We offer benefit packages through our unions and would love to talk to anyone interested in a career with TCI Companies. If you have any students that you think would be a good fit please pass along our contact info below. Feel free to respond with any questions you may have.

Thank you,

Cody Barth
